*Holidays' Assignment*  
*Session 2021-22*

26<sup>th</sup> April 2021

Dear Parent  
Greetings of the day!

Prayer is the most powerful weapon against trials, the most effective medicine against sickness and the most valuable gift for someone you care. No doubt the monster of the pandemic is looking bigger than we had ever expected yet we all need to keep our faith intact and alive. The current times are testing our strength to bear it all but together we have the power to diminish its effects on the humans. We must recover from this setback for the sake of our children and for greater good of humanity. Rescheduling of the Summer Vacation is one such step which will give us the time to prepare and bounce back. Now, our aim should be to encourage kids to lead a disciplined life. This means waking up timely, having a set schedule for learning and studies, cultivating new hobbies, having healthy diet to keep their immune systems strong and being contented with resources available. We are hopeful that you will guide them suitably and be an example for them.

We have prepared an assignment to keep them productively engaged. You are requested to support them wherever needed.

Some instructions for doing Holidays' Assignment:

- ❖ Do it neatly on A4 size sheets and assemble the sheets subject-wise to avoid any confusion.
- ❖ Invest time in reading books and stories.
- ❖ Watch programmes on National Geographic, Animal Planet and Discovery.
- ❖ Converse in English with your family members.
- ❖ Revise the syllabus covered till date in all subjects.

With a prayer that everything will be alright, with a hope that we all will swing back into action with greater spirits and meet each other like before. Here's wishing you A Happy Summer Vacation.

**Stay Home, Stay Safe!**

Warm Regards

Prashant Sahgal  
Principal
